

Example: **Panasonic WV-SC588A Max.Wide -25°**

Note: We recommend you to use A-ODW7X Series rather than A-ODW7 Series owing to smaller diameter of upper housing.

A-ODW7 Series

A-ODW7X Series

In case of Ball Dome, you can install camera which normal A-ODW7X could not accept.(Eg. Panasonic WV-SC588A)

You can install the following cameras
in A-ODW7X-BD Series.

Panasonic : WV-SC588A, WV-SC387A, WV-SC386

Mitsubishi : NC-6500

JVCKENWOOD : VN-H657B, VN-H557B, VN-V685, VN-V686B

SONY : SNC-EP5880, SNC-EP550, SNC-EP520
SNC-ER5880, SNC-ER550, SNC-ER520
SNC-WR630, SNC-WR600

Example: **Panasonic WV-SC588A Max.Wide -10°**

Note: You can see black belt like below when zoom lens is wide angle.(Height of black belt is the same height as the conventional upper housing)
Black belt will disappear gradually when you zoom in camera.
